Rennes School of Business — Rennes, France
Exchange Student — *Sep. 2025 – Jan. 2026*

Certifications & Training

National Taiwan University, Information System Training Program — Taipei, Taiwan
Python for Financial Data Analysis and Processing, 30-hour program — *Expected Nov. 2026*

- Enrolled in a 30-hour Python course covering financial data processing and machine learning methods, including regression, classification, and clustering.

Professional Experience

CTBC Bank — Taiwan

Corporate Banking Intern — *Jul. 2025 – Aug. 2025*

- Compiled and organized historical income statement, balance sheet, and cash flow data for 7–8 corporate clients across multiple industries, entering the data into the bank's internal system to support credit review.
- Observed credit review meetings with branch managers and deputy general managers, gaining exposure to corporate lending decision-making.

Industrial Finance Intern — *Jul. 2024 – Aug. 2024*

- Verified customer, corporate, securities, futures, and transaction documentation for completeness and compliance with internal procedures to support account-opening and financial-service operations.
- Researched and compared fee structures of actively managed and passive ETFs using publicly available information; co-authored a report and presented findings via PowerPoint to managers from three departments and fellow interns.

Projects

Investment Analysis of Taiwan's Automotive Industry | Yuan Ze University (Team Project)

- Led the stock return and risk analysis for three Taiwanese automotive companies (SYM, Hotai Motor, and Yulon) within a four-person team using TEJ data in Excel.
- Calculated mean returns, variance, standard deviation, covariance, correlation, and beta; Hotai Motor had the highest beta (0.78), while SYM had the lowest (0.48).

Leadership & Service

International Volunteer Program Mongolia
International Volunteer *Jul. 2023*

- Led a team within a 25-volunteer delegation to design and teach a K-pop dance activity, in English, for approximately 20–25 children ages 3–18 at a local care institution, drawing on experience from a university K-pop dance club and prior teaching background.
- Coordinated small-group game challenges between children and fellow volunteers, monitoring progress across stations to ensure full participation.

RYLA International Manager Training Program Taiwan
Rotating Team Leader *Jul. 2024 – Jan. 2025*

- Led a 5-person team as rotating leader to create a performance on the meaning of life, combining dance, singing, and dialogue; facilitated group discussions to bring different creative ideas together into a unified concept.
- Rotated between leader and member roles throughout the program, learning to adapt to different team dynamics and leadership styles.

Skills & Test Scores

Programming & Analytics: Python, Microsoft Excel
Languages: Mandarin Chinese (Native); English (Professional Working Proficiency)
Test Score: IELTS Academic 7.5
